Intiative Of Janhit Sanstha

Vision

To create an ideal society by providing education, skill development, environmental awareness, cooperation, and self-reliant livelihood opportunities to rural and tribal citizens.

Mission

To implement educational initiatives, skill development, environmental awareness programs, and cooperative systems in remote and tribal areas to promote self-reliant livelihood and community empowerment.

Values

Transparency

Morality

Discipline

Nisarg Mitra Manch: Environmental Stewardship

Nisarg Mitra Manch is an initiative focused on environmental awareness through comprehensive programs. These include tree plantation, forest conservation, waste management, and environmental education campaigns.

The forum conducts eco-friendly campaigns such as single-use plastic ban initiatives, promoting alternatives to plastic, environmental protection slogans, drawing competitions, street plays, and rallies.

Nisarg Mitra Manch: Objectives & Activities

Project Objectives

- Promote environmental conservation awareness
- Conduct afforestation and reforestation drives
- Implement waste management programs
- Create biodiversity awareness
- Develop sustainable livelihood practices

Key Activities

- Tree plantation drives
- Forest conservation programs
- Waste management campaigns
- Environmental education sessions
- Single-use plastic ban campaigns
- Environmental protection rallies
- Drawing competitions and street plays
- Eco-friendly awareness programs

Nisarg Mitra Manch: Impact

Active Youth Members

Engaged in environmental protection efforts.

Tree Plantation Drives

Conducted across various communities.

Environmental Awareness

Increased in target communities.

Plastic Usage

In areas targeted by campaigns.

Forest Conservation

Through dedicated programs.

Pankh: Sapno Ki Udan - Empowering Tribal Education

Economic Hardship

The tribal community in Kelapur taluka faces educational challenges due to economic hardship.

Unsupervised Children

Low incomes and migration for work leave children unsupervised, leading to poor learning and high dropout rates.

Proposed Project

The proposed project will establish daily classes in 14 villages to provide focused educational support, address learning difficulties, and improve academic development.

Pankh: Sapno Ki Udan - Objectives & Activities

Project Objectives

- Enhance educational standards of children in rural areas
- Provide better learning opportunities
- Strengthen early childhood education
- Empower women educators in rural areas
- Build strong parent-community connections

Key Activities

- Daily 2-hour learning sessions
- Training of women educators
- Academic performance monitoring
- Parent engagement programs
- Educational material distribution
- Learning center operations
- Community education awareness

Pankh: Sapno Ki Udan - Impact

Students Benefiting

From the educational program.

Villages Covered

With active learning centers.

Academic Performance

Of participating children.

Parent-Educator Connections

Fostering collaborative learning.

Educational Opportunities

In rural and tribal areas.

Digital Literacy Program

A basic digital literacy program that introduces students and villagers to essential digital tools, online transactions, and cybersecurity awareness.

Started from August 15, 2023, this program has trained more than 180 students from five villages. The program covers basic computer literacy and digital skills essential for modern life, bridging the digital divide in rural communities.

Digital Literacy Program : Objectives And Activities

Project Objectives

- Provide digital literacy to rural students and villagers
- Promote safe online practices
- Bridge the digital divide in rural communities
- Empower participants with essential digital skills

Key Activities

- Basic computer training
- Workshops on online transactions
- Cybersecurity awareness sessions
- Practical digital skills exercises

Digital Literacy Program: Impact

Students & Villagers Trained

Empowering rural communities
with essential digital skills.

Villages Reached

Successfully bridging the digital
divide in targeted rural areas.

Digital Literacy

Participants gained proficiency
in basic computer use and
online tools.

Online Safety Awareness

Students and villagers are now more aware of
cybersecurity practices.

Access to Digital Services

Promoting self-reliance through practical
knowledge of online transactions.

Nirmiti (The Gang of Girls)

Launched on July 1, 2024, the 'Nirmiti - The Gang of Girls' Adolescent Development Project is dedicated to empowering young girls from tribal and rural communities. This initiative focuses on building confidence, leadership, and decision-making abilities, equipping them with essential life skills.

The program addresses critical issues such as early marriage, promoting higher education, and ensuring health and hygiene through various activities and counseling sessions. Currently supporting 250 adolescent girls across six villages, Janhit Sanstha plans to expand this vital project to 14 additional villages, amplifying its positive impact.

Nirmiti (The Gang Of Girls) : Objectives And Activities

Project Objectives

- Build confidence, leadership, and decision-making abilities among girls
- Create awareness on issues like early marriage and higher education
- Provide training in health, hygiene, and self-defence
- Offer career guidance and counselling sessions
- Develop personality and leadership skills

Key Activities

- Education and skill development workshops
- Health and hygiene awareness sessions
- Menstrual hygiene management training
- Self-defence training programs

Nirmiti (The Gang Of Girls): Impact

Girls Currently Enrolled

Actively participating in the development program.

Villages Covered

With plans for expansion to 14 additional villages.

Health & Hygiene Awareness

Among adolescent girls in target communities.

Confidence & Decision-Making

Fostering leadership and life skills.

Early Marriage Cases

Through focused education and support initiatives.

Jadui Gullak : Financial Literacy

A financial literacy program designed for children, teaching them savings habits, budget management, and financial decision-making skills.

This financial literacy program was launched to instill financial awareness among students. Under this, Children in the region were provided guidance on financial literacy.

Launched on January 1, 2025, this innovative program provides guidance on financial literacy to students. The program includes opening nationalized banking accounts for children and spreading awareness about savings, proper use of money, and financial management. After the Jadui Gullak arrived, kids started spending less on outside snacks like chips and began saving their money. Each time they dropped a coin in, a sweet voice said, 'Well done! You saved money!' Slowly, saving became a habit. The Jadui Gullak didn't just hold money – it taught them the value of money.

"The Organisation goal is to reach the remaining area of work, ensuring 385 student benefit from the "Jadui Gullak Program."

Jadui Gullak (Financial Literacy) : Objectives And Activities

Project Objectives

- Instill financial awareness among students
- Teach importance of saving money
- Provide guidance on proper use of money
- Develop financial management skills
- Create banking habits from early age

Key Activities

- Financial literacy workshops
- Opening of nationalized banking accounts
- Savings habit development programs
- Money management training
- Interactive financial education sessions
- Practical banking experience
- Financial planning guidance

Jadui Gullak (Financial Literacy): Impact

Students Opened Accounts

Have opened 'Jadui Gullak' accounts.

Snack Spending

Kids started spending less on outside snacks like chips.

Saving Habits

Promoting a culture of financial responsibility.

Money Awareness

Enhanced understanding about the value of money.

Banking Knowledge

Improved understanding of banking systems.

Voice Feedback

Through encouraging voice reinforcement during savings.

Advance Digital Literacy Program

In rural areas, students are given advanced training in Coding, Tally, Web Development, Web Design, Cyber Security and other computer-related skills.

The organization is trying to create employment-oriented skilled youth in backward areas. Through this project, more than 75 students have been empowered and guided for future employment or entrepreneurship. This initiative is supported by Grand Maratha Foundation.

In rural areas, students are given advanced training in Coding, Tally, Web Development, Web Design, Cyber Security and other computer-related skills. The organization is trying to create employment-oriented skilled youth in backward areas. Through this project, more than 90 students have been empowered and guided for future employment or entrepreneurship. This initiative is supported by Grand Maratha Foundation.

Advance Digital Literacy Program : Objectives And Activities

Project Objectives

- Create employment-oriented skilled youth
- Provide advanced digital technology training
- Guide students for future employment
- Promote entrepreneurship in rural areas
- Bridge the technology gap in backward areas

Key Activities

- Coding and programming training
- Tally software training
- Web development courses
- Web design workshops
- Cyber security training
- Employment guidance sessions
- Entrepreneurship development programs

Advance Digital Literacy Program: Impact

Students Empowered

With advanced digital skills.

Employment Opportunities

Improved prospects for digital literacy graduates.

Rural Entrepreneurship

Fostering new business ventures.

Tech Sector Integration

Connecting youth with industry.

Economic Prospects

Leading to better livelihoods for youth.

SDG Goals Covered

Janhit Sanstha's initiatives align with several United Nations Sustainable Development Goals (SDGs).

SDG 1: No Poverty

Promotes skill development and self-reliant livelihoods in rural/tribal communities.

SDG 2: Zero Hunger

Indirectly improves food security through sustainable livelihoods and community empowerment.

SDG 3: Good Health and Well-being

Fosters healthier living through community empowerment, women educators, and environmental awareness.

SDG 4: Quality Education

"Pankh: Sapno Ki Udan" provides quality education for rural/tribal children and reduces the digital gap.

SDG 5: Gender Equality

"Pankh: Sapno Ki Udan" empowers women educators in rural areas, fostering gender equality.

SDG Goals Covered

SDG 6: Clean Water and Sanitation

"Nisarg Mitra Manch"'s waste management and environmental protection efforts contribute to preserving water sources and promoting better sanitation practices.

SDG 13: Climate Action

"Nisarg Mitra Manch" supports climate action through environmental conservation and waste management.

SDG 15: Life on Land

"Nisarg Mitra Manch" promotes afforestation and forest conservation for ecosystem restoration.

SDG 16: Peace, Justice, and Strong Institutions

By empowering communities through education and self-reliant livelihood opportunities, Janhit Sanstha contributes to building stronger, more just, and inclusive societies.

Future Initiatives: 2025-26

Janhit Bahuuddeshiya Gramin Vikas Sanstha is committed to expanding its reach and impact with new initiatives planned for the fiscal year 2024-25:

Jan Setu Program

A community outreach program aimed at connecting villagers with essential government services and resources.

Be the Change Learning Center

Establishing a dedicated learning center to provide continuous educational support for Rural students.
